| 8 | No concise description by Mike or by handout of the changes to the tests. Mike's part did not seem organized during the lecture. The DVD was organized and helpful, but Mike's roll on Saturday was minimal. Sunday was nicely organized, although again, a little intro before each test describing the changes would have been helpful. | 1/23/2015 2:54 PM |

| 1 | Mike was fantastic. Really made me want to ride with him. | 1/31/2015 9:07 AM |
| 2 | He "judged" the rides on the video, but I would have found it more enlightening if he had explained how to ride the movements better, and had emphasized what the judges would be looking for in greater detail. | 1/30/2015 11:44 AM |

| 1 | I had to leave after Third Level test so my comment is limited to horse/rider combinations in lower lever. I found one combination that didn't not help me gain a better understanding of the judges expectations. I do not find it unconstructive to have major deficiencies in movements, but too many within the same test is distracting. | 1/30/2015 8:07 PM |
| 2 | Would have been good to see some local/average horses to compare scores with. | 1/30/2015 4:54 PM |

| 4 | It was amazing to see the great and wonderful variety of breeds and riders used in this clinic. Very helpful and educational---as we all dont ride \$100,000 warmbloods! Mike's critique and pointers after the tests were ridden were phenomenally educational and amazing to see how much he helped ALL the horse and rider combinations in just a few short minutes. | 1/29/2015 7:57 PM |
| 5 | Not sure about 3 and 4th level riders | 1/25/2015 7:28 AM |

| 8 | Up until the upper levels (3rd & up) I thought, "Gee, this is the best match I've seen at a demo, of horses appropriate to the levels." I thought the upper level horses were ridden with too short curb reins (mostly) and wished this would've been addressed. I'd rather see 3rd & 4th in snaffle often. | 1/23/2015 9:27 AM |
| 9 | Good selection of horses and riders, different skills in both. Very helpful. | 1/22/2015 9:12 PM |

| 1 | Sometimes hard to hear. | 1/31/2015 9:07 AM |
| 2 | Yuck! Leaking roof. Bad footing. No warmup area. Inadequate bathrooms. Difficult to climb into seating. | 1/30/2015 8:56 AM |
| 3 | Lack of warm up, bad lighting, badly leaking ceilings causing the already marginal footing (dirt with large rocks in it) to have large slippery spots. By end of day footing was packed and very hard, was not worked up on mid day break. PA system poor, could not hear instructor in the stands. Stalls were nicely sized but because of bad ceilings everything was wet. | 1/30/2015 7:15 AM |
| 4 | Hard to hear presenter. Footing/drip issue. Hard to see dark horses. Needs to be updated more before using again. | 1/30/2015 5:43 AM |
| 5 | Eager to see finished facility... other than sound this venue was great. Could have used a couple more portapottys | 1/30/2015 1:05 AM |
| 6 | Need a better intercom system. It was difficult to hear at times. | 1/30/2015 12:46 AM |
| 7 | Extremely had to hear | 1/29/2015 10:30 PM |
| 8 | I really liked where the riding demo was held. It had history, character, and I thought it was very comfortable. The seats had backs to them, we were close to the arena, so you could see very well and closely. The parking may have been somewhat challenging for some folks, but my friend and I did not have any problems at all. WE thought it was super fun to see the facility and the plans to renovate it. | 1/29/2015 7:57 PM |

| | | |
|----|---|--------------------|
| 9 | Understand its hard to find a place for such a venue. Will be happy when the facility is rehabbed | 1/27/2015 8:53 AM |
| 10 | Would have gladly paid more for the clinic and lunch to upgrade the facility. I understand that ODS was trying to keep the price down and it was good to try out a new place, but the facility also has to understand that it might not be quite ready to host clinics as yet. | 1/25/2015 2:18 PM |
| 11 | From what was said I understand that the facility is a work in progress but.....is it the best we can do? If it is, then okay. | 1/24/2015 8:07 AM |
| 12 | Besides the parking lot situation, it was a great facility. However, I do feel there wasn't a great amount of space provided to warm up before the clinic. | 1/23/2015 8:46 PM |
| 13 | Indoor plumbing would/will be nice in the future. No porta-potties please. | 1/23/2015 2:54 PM |
| 14 | Barely adequate, but I understand OEC is rebuilding their facility, and the Dressage court was donated by North Willamette Valley Chapter. But it would have been nice to have a complete Dressage court with all the cross poles set up and it would have been nice to have footing without huge puddles. | 1/23/2015 11:47 AM |
| 15 | The place could be a real showplace again. I'm glad to see someone take it on! Footing was good, except where coned off--a realistic scenario for "real life" riders | 1/23/2015 9:27 AM |
| 16 | Better lighting works have been nice. | 1/23/2015 8:44 AM |
| 17 | It was nice to be at a venue other than Devonwood and to support an old facility coming on-line again, but the wet mud, lack of available trailer parking, lack of heaters in the grandstand, minimal ring and leaking roof made the event feel sad to me. It felt like we had stepped back in time to when were just trying to "do dressage" and did not reflect the amazing level of dressage we have in Oregon now. I think this reflects on the overall sophistication of ODS and would encourage a revisit of location. The big stalls were nice, but hauling everything from the parking lot to the stable in the cold January rain was a bit much. I got soaked and it was impossible to get warm all day. | 1/23/2015 7:32 AM |
| 18 | I applaud whoever has purchased the property, but they have a long way to go to bring it back. One person said bringing In a few drop boxes alone would make a huge difference. I realize that isn't your responsibility and I don't know where they started maybe it's come leaps and bounds already. I would look for other alternative venues until dignitary progress is made. | 1/23/2015 7:22 AM |
| 19 | The Oregon Equestrian Center is, at this point, very lacking--leaking roof, general shabbiness, poorly attended portapotties, grounds untidy, parking poor, no overhead heaters. | 1/23/2015 6:12 AM |
| 20 | I know it is hard to find reasonably priced facilities so I don't want to be too critical but the lighting and footing in this facility were below par. The warm up was totally unacceptable but management was flexible and let us use the main arena for warm up which was good. By the afternoon the footing in the corners and end where the instruction occurred was packed hard as a rock and I was afraid of slipping. | 1/23/2015 5:49 AM |
| 21 | Although management did everything to accommodate our needs the facility just didn't have enough dry warm up or safe lunging area aside from the Demo arena itself. | 1/23/2015 12:09 AM |
| 22 | It has great potential and I would love to see it renovated, but between the leaky roof and lack of plumbing (bathrooms), it has a long way to go to be an adequate clinic facility. It was also extremely difficult to hear Mike from the bleachers. I know the parking was a last minute unexpected issue. | 1/22/2015 11:25 PM |
| 23 | Need better PA system | 1/22/2015 10:49 PM |
| 24 | it would have helped tremendously to have indoor toilets that were closer to participants seating area. | 1/22/2015 10:12 PM |

| 7 | I thought that the riders at Training and First Level did not get as much instruction as the upper level riders did. | 12 | most of the people in the room were AA and the goal of dressage is any horse, and anyone, can benefit thru dressage. I think the options of the quality of the horse was over stated, instead of the horse's natural abilities. We don't all own springy warmbloods | 1/23/2015 9:08 AM |
| 13 | The sound system was ineffective. As a demo rider I caught about 20% of what Mike was saying. It made me look like I did not understand what to do (like being asked to do a travers, but not hearing that so Mike explained to me what a travers was). I am hoping the video (which I have not seen yet) picked up some of the audio better so I can learn more about what he was teaching me- which I think was super great! | 1/23/2015 7:32 AM |
| 14 | I had never seen or met Mike before but I really enjoyed him. In the lecture portion I would have liked to have heard all the comments on the video and then Mike's comments. Mike narrating over the top of the video was distracting and I felt I missed valuable information from both entities. | 1/23/2015 7:22 AM |
| 15 | The sound system was poor/inconsistent. Mike has a naturally soft voice, so overall I missed quite a bit of what he said. | 1/23/2015 6:12 AM |
| 16 | I applaud Francy for organizing this clinic and wish that more people would sign up when these opportunities arise. | 1/23/2015 5:49 AM |
| 17 | Better organization of breaks and discussion. | 1/23/2015 3:13 AM |
| 18 | Everyone running this event was great and did the best they could do. | 1/23/2015 12:09 AM |
| 19 | Make sure organizers and clinician are on the same page as to what is going to be presented. | 1/22/2015 11:25 PM |

| | | |
|----|--|-------------------|
| 20 | Mike Osinski was excellent. Concise comments in the demo portion. The change in horse and rider during the lesson gave a real visual for scores in the test vs how the horse should be moving to increase the scores by a point per movement. Osinski's teaching style is different from most clinicians I have seen and it was refreshing | 1/22/2015 9:58 PM |
| 21 | Both days were a bit redundant. | 1/22/2015 9:47 PM |

|----|--|--------------------|
| 1 | The quality of instructor/presenter. The material content was appropriate for the time of year (all gearing up for the new tests). Food was great and snacks were appreciated. | 1/31/2015 9:07 AM |
| 2 | Quality of lecturer, facilities | 1/30/2015 8:07 PM |
| 3 | Early release of "thru the levels" | 1/30/2015 4:54 PM |
| 4 | Love love love Mike O. Great rapport with riders and horses at each level. | 1/30/2015 8:56 AM |
| 5 | He is a current competitor; he showed great empathy for the horses.He's been there and done it. | 1/30/2015 8:37 AM |
| 6 | Event was well organized and highly informative. The New Tests Topic was interesting and pertinent. Instructor had wealth of knowledge and easy teaching style and was easy to approach with questions. Lecture space was excellent, appointed with high tech systems, spacious and comfortable. | 1/30/2015 7:59 AM |
| 7 | Instructor extremely knowledgeable and was great to work with, compassionate yet precise and correct. | 1/30/2015 7:15 AM |
| 8 | Loved how the instructor found positives for each rider while correcting faults. Confidence builder conference. | 1/30/2015 12:46 AM |
| 9 | Listening to judge comments as rider demos | 1/29/2015 10:30 PM |
| 10 | I liked watching the higher horses riding the lower level tests. I did learn some judge expectations and exercises, but those were mostly audience prompted. | 1/29/2015 10:09 PM |
| 11 | Mike Osinski is AMAZING. The clinic was super organized, very user friendly and Francy is an angel. I am so grateful for all her work, her friendliness and her wonderful organizational skills and energy. What an amazing lady. THANK YOU SO MUCH FRANCY! | 1/29/2015 7:57 PM |
| 12 | I liked the to the point nature of the feedback from the clinician. I felt that it made it easier to understand the most important points from each demo ride. | 1/26/2015 9:48 PM |
| 13 | It was such a great learning opportunity. The instructor was super & the clinic ran smoothly. | 1/26/2015 2:58 PM |
| 14 | Great clinician. | 1/26/2015 12:15 AM |
| 15 | Seeing the video rides and then the live rides was very good. The instruction was good. | 1/25/2015 3:42 PM |
| 16 | Mike Osinski is AWESOME! Food was GREAT! Demo Riders were appropriate and varied. | 1/25/2015 2:18 PM |
| 17 | Fantastic presenter and clinician. He really knew what he was talking about and could help the demo riders in a gentle, but truthful, manner. | 1/25/2015 10:38 AM |
| 18 | The discussions and pointers to improve scores was very educational. I also enjoyed the different breeds of horses presented | 1/25/2015 7:28 AM |

| | | |
|----|--|--------------------|
| 19 | The instructor. | 1/24/2015 1:34 PM |
| 20 | Information on the new tests and hints to help ride them better | 1/24/2015 9:55 AM |
| 21 | I had never seen Mike as a judge/clinician before. What a great choice for this learning opportunity. He communicates so well with great positive regard for both horse and rider. Every pair improved with his instruction. Just what I was hoping to see! Thanks. | 1/24/2015 8:07 AM |
| 22 | Learning from a great instructor like Mike Osinski is a huge advantage. Riding with him gave me a different perspective on problems with me and my horse. Also, watching him teach and listening to him judge horses on the On The Levels video showed me a new point of view looking from the top level horses back, showing the steps for getting there. | 1/23/2015 8:46 PM |
| 23 | The lesson portions of the rides were the most helpful part of the clinic. | 1/23/2015 2:54 PM |
| 24 | I liked the variety of horse breeds and level of riders. Though my knowledge of Dressage is very limited, I thought the riders and horses were appropriate. | 1/23/2015 1:58 PM |
| 25 | Francy ran it well, Mike is always entertaining with a well educated eye, and helpful feedback. | 1/23/2015 1:47 PM |
| 26 | Overall a great event. I would come again. Outstanding Speaker/Clinician! That will always be the draw and overcome facility issues. Adequate to good Demo riders. | 1/23/2015 11:47 AM |
| 27 | Mike made a real difference in the horses & riders in their post-test coaching sessions. I'm between horses, but wish I could lesson with him! | 1/23/2015 9:27 AM |
| 28 | ODS always does a wonderful job, with the setup, location directions etc bravo !! | 1/23/2015 9:08 AM |
| 29 | Great instructor, program moved along well, learned a lot watching both the test with comments and the mini lessons. Loved this format! | 1/23/2015 8:44 AM |
| 30 | very well organized. Information was presented well and Mike had a great repore with riders, horses and audience. I would sign up again in a heart beat. Also the lunch was very good and the wonderful hot soup was heaven. | 1/23/2015 7:51 AM |
| 31 | Facility Sound system | 1/23/2015 7:32 AM |
| 32 | This format and information are excellent when the tests change I think it should be done each time. I really appreciate the work that went into putting this together! | 1/23/2015 7:22 AM |
| 33 | It was totally comprehensive. The entire presentation was excellent. Mike is knowledgeable and able to convey his ideas very clearly. | 1/23/2015 6:12 AM |
| 34 | Mike did an excellent positive job of instructing the demo riders. | 1/23/2015 6:12 AM |
| 35 | Excellent clinician !!! Would like to see more educational opportunities taught by him. | 1/23/2015 5:49 AM |
| 36 | It was interesting and informative | 1/23/2015 3:13 AM |
| 37 | It was a very positive experience for my horse and I plus the lunch was very good. Mike was very patient and helpful. | 1/23/2015 12:09 AM |
| 38 | I would not sign up for that again. | 1/22/2015 11:25 PM |
| 39 | I really liked his teaching style and he was very kind! | 1/22/2015 10:49 PM |
| 40 | Enjoyed seeing judge's critique of riders at different levels. Appreciated his positive attitude towards riders and their horses. | 1/22/2015 10:12 PM |
| 41 | the speaker was impressive. | 1/22/2015 10:10 PM |

| | | |
|----|--|-------------------|
| 42 | Mike Osinski is a great speaker and a judge I respect. I would attend again if he were speaking again. | 1/22/2015 9:47 PM |
| 43 | Best learning set up. a rider, then critique, then correction or improvements. Very clear. | 1/22/2015 9:32 PM |
| 44 | Very well organized. Demo riders were well picked . Good variety of horses and riders.. | 1/22/2015 9:25 PM |
| 45 | Mike Osinski! I would love to attend any other clinic where he is the clinician. The lecture portion worked well, gave us an opportunity to listen and discuss in a relaxed, comfortable environment. Food was good, hot soup was a good idea! I got more out of this clinic than any other I've attended. Highly recommended! | 1/22/2015 9:12 PM |

| 1 | Sometimes hard to hear during the riding demo portion. Sound system wasn't the greatest (or maybe it was the acoustics). | 1/31/2015 9:07 AM |
| 2 | While the organizer, instructor and demo riders made the best of it, the riding facility was neither prepared nor had any understanding of how to handle this type of event. In my opinion, this should not be considered as an ODS Venue in the future. It has an insufficient and hazardous warm up and currently a leaky roof in the main ring. At this venue, Demo riders were not able to get the very best out a lesson they paid for due to poor footing and lack of warm up and were exposed to a higher degree of risk to their horses. Further Facility and Facility Management shortcomings: inadequate restrooms (especially since the porta potties were not cleaned prior to the event), questionable footing, inadequate warm up, poor lighting, and inadequate parking to name my top complaints. In addition, demo riders paid top dollar for stalls and some contained foul/stagnant water in feeders that had to be bailed out by hand before allowing horses inside and riders had to strip their stalls by wading through a "swamp". | 1/30/2015 7:59 AM |
| 3 | Need a better sound system to ensure auditors can hear the clinician. | 1/30/2015 1:05 AM |
| 4 | Extremely hard to hear commentary in arena. | 1/29/2015 10:30 PM |
| 5 | I think it would have helped if there was more structure: go into it with a plan of how the movie and his commontary would be presented together. If he's going to talk, great, but I'd also like to hear just the movie. | 1/29/2015 10:09 PM |
| 6 | The arena was not what I was expecting. | 1/26/2015 12:15 AM |
| 7 | The inability to always hear and understand what was being said. | 1/25/2015 3:42 PM |
| 8 | Sound system at Riding Clinic | 1/25/2015 2:18 PM |
| 9 | None | 1/25/2015 10:38 AM |
| 10 | Having the sound from the DVD on at the same time as Mike was giving comments was awful. I could not hear either one. | 1/23/2015 2:54 PM |
| 11 | I would have liked to see more advice for the lower level riders | 1/23/2015 1:58 PM |
| 12 | I wouldn't call it "negative", but it would've been nice to have a larger area for warm up, where I didn't feel like i was in the way of the auditors or Mike. | 1/23/2015 1:47 PM |
| 13 | It was a bit hard to hear Mike. There seemed to be some echo from the mic. | 1/23/2015 7:51 AM |
| 14 | Sound system and other things I mentioned above. I did not mind paying for my lesson at all, but wish I could have heard what he was saying so I could learn from it! | 1/23/2015 7:32 AM |

| | | |
|----|---|--------------------|
| 15 | The state of the facility used. I'd be interested to know what the riders thought of the footing, The lighting was not good and there were many places where the roof leaks produced large puddles. All of this I know you're already very well aware of and that I'm pointing out the obvious! | 1/23/2015 7:22 AM |
| 16 | There was a rush to get done early as many had already left. | 1/23/2015 3:13 AM |
| 17 | I think the sound system needed to be louder so both rider and audience could actually hear while it was raining. | 1/23/2015 12:09 AM |
| 18 | See notes below. | 1/22/2015 11:25 PM |
| 19 | PA | 1/22/2015 10:49 PM |
| 20 | Facilities were lacking for a presentation of this duration. However, the catered lunch was excellent. | 1/22/2015 10:12 PM |
| 21 | The riders and horses of the upper levels were not up to the riding level that they were competing at. It was embarrassing to watch. | 1/22/2015 10:10 PM |
| 22 | I thought the first day was wonderful and second was great also though not very comfortable. I don't know that I would go to both days again. These clinics I've been to in the past were at no charge to members. | 1/22/2015 9:47 PM |
| 23 | It was too cold to be comfortable for long periods | 1/22/2015 9:32 PM |

Q19 What would you suggest for this program that would improve what you were presented?

| 1 | Not much. Small things like porta pottys closer to seating, more than just one. | 1/31/2015 9:07 AM |
| 2 | A happy camper here. | 1/30/2015 8:07 PM |
| 3 | Lunch was somewhat meager. | 1/30/2015 8:37 AM |
| 4 | Better demonstration facility. | 1/30/2015 7:59 AM |
| 5 | Perhaps bump up the sponsorship efforts? Maybe offer more clinics centrally located to make it easier for the members in the southern region to attend. | 1/30/2015 7:15 AM |
| 6 | Provide scores for maneuvers and allow us to score the demo as well with comment on how close we came and why a score was given. | 1/30/2015 12:46 AM |
| 7 | Speaking louder or axillary sound toward audience. | 1/29/2015 10:30 PM |
| 8 | lets have some clinics like these closer to Eastern Oregon!!! | 1/29/2015 7:57 PM |
| 9 | Nothing..I would attend another one. | 1/26/2015 2:58 PM |
| 10 | A different location. | 1/26/2015 12:15 AM |
| 11 | Since it was recorded, a video tape with audio be made available. | 1/25/2015 3:42 PM |
| 12 | Different Riding Facility if Available until Oregon Equestrian Center is more developed. | 1/25/2015 2:18 PM |
| 13 | Nothing | 1/25/2015 10:38 AM |
| 14 | I have been to large clinics where you could ask questions on paper to be answered by the clinician. It might alleviate shouting or "I can't quite hear you" in a large open space. | 1/24/2015 8:07 AM |
| 15 | The only thing I would suggest is for clearer information on the clinic (what the lecture's about, update on schedule being posted, ect.) | 1/23/2015 8:46 PM |
| 16 | On paper concise description of the changes for each level &/or test. If showing a DVD like this, with a visiting expert, let the expert talk and turn off the sound of the video! We can hear the video some other time. | 1/23/2015 2:54 PM |
| 17 | The program was everything I imagined and I went home with a renewed enthusiasm. | 1/23/2015 7:51 AM |
| 18 | Only the overlap in commentary from the video and Mike's comments about the video. | 1/23/2015 7:22 AM |
| 19 | January is such an iffy weather month. Do you think that is why more people didn't sign up?? | 1/23/2015 5:49 AM |

| | | |
|----|---|--------------------|
| 20 | There were 3 similar clinics in our area between November and January. Seems like a lot for our area. I did not attend the other two. Two were by ODS and one by Region 6. ODS was begging for attendees. This clinic was great and a couple peoples homage dee both got much more info from this one. We should use our local people more. Bigger names aren't always better. | 1/23/2015 3:13 AM |
| 21 | I think this program could use more volunteers. It deserves them. | 1/23/2015 12:09 AM |
| 22 | After the fact, I would call this a test riding clinic and not a Intro to the new tests clinic. I expected to be told, for each test, what the changes were, why they were made, and how best to ride them. This should have been done first, at the lecture, before we started watching videos. There was an occasional comment over the weekend about a change, but I didn't come away with clear knowledge of the changes between the 2011 and 2015 tests. I think we may have learned more about the test changes at the November Janet Foy and Debbie McDonald clinic, though I know they were not supposed to do that!. This WAS a very good test riding clinic, with Mike giving scores and reasons for his scores, both Saturday and Sunday. And he is an excellent clinician, I always enjoy watching him work with people and their horses. Great empathy and kindness, and also great knowledge. From a "Mike Osinski clinic" point of view, it was excellent. But we paid for the new test info. Francy did a GREAT job pulling this together. It takes more work than most of us will ever realize. Unfortunately I don't think we (or I) got what I expected. | 1/22/2015 11:25 PM |
| 23 | The content was wonderful, but it was difficult to fully hear all that was presented because of the sound quality issues. | 1/22/2015 10:12 PM |
| 24 | Riders and horses need to display/ride at their true level. | 1/22/2015 10:10 PM |
| 25 | Issues with the sound system | 1/22/2015 9:58 PM |
| 26 | A better sound system in the arena and a warmer viewing area would have helped. | 1/22/2015 9:47 PM |
| 27 | Inside bathrooms so you don't have to walk long distance from stand for facilities in the rain. Trailer parking closer to the arena. I got soaked to the bone just getting the horse and gear to the stalls that I never got dry in 5 hours. | 1/22/2015 9:32 PM |
| 28 | Nothing | 1/22/2015 9:25 PM |
