

Fort Vancouver ODS Adult Camp July 29 - August 1, 2021 Summerfield Farm, Ridgefield WA

This event is supported by a grant from The Dressage Foundation

Emily Anderson is originally from Washington where she spent her youth riding. As a teenager, Emily began to focus primarily on Dressage where she competed for Region 6 at the North American Junior Young Rider Championships and Festival of Champions as a Young Rider. Emily is an accomplished FEI rider and has taken many horses and riders up the levels. She has developed her training program with a focus on individual programs for the horse and rider. This has allowed her students to be successful at Regional Championships, NAYC, and US Dressage Finals.

Megan Pugh began riding seriously at age 12 and at 15 she became a working student for Carrie Harnden in California and started teaching beginning lessons. In 2001, she relocated to Boise, Idaho and established Turning Point Equestrian. Megan is passionate about the students in her program and knows how to collaborate and read between the lines to create a true partnership between horse and rider. She currently trains students and horses from Pre-Training Level to Grand Prix. Megan has had the great opportunity to ride under the direction of Conrad Schumacher, Lilo Fore, Debbie McDonald, Carrie Harnden, Sue Curry, Reta Conner and Alfredo Hernandez. Her discerning eye, intuitive understanding of the horse and her ability to communicate with both horse and rider produces students who excel and consistently progress.

Fort Vancouver ODS Adult Camp

July 29 - August 1, 2021

Summerfield Farm, Ridgefield WA

This adult camp is designed for the ambitious Adult Amateur looking to improve her riding and advance her horse. Lessons will focus on correct rider position, and the influence the rider has in straightness of the horse. Over four days, participants will have two private lessons with each instructor. Additionally, there will be group lessons and un-mounted activities including lectures, demonstrations, and instruction on the related topics of rider fitness, biomechanics, and proper gymnastization of the horse to progress through the levels. Camp starts Thursday at noon and ends Sunday at 1 pm. Auditing is encouraged!

Registration open now!

Closing Date: June 10th
